

MANJUNATH Y P

manjunathyp003@gmail.com | +91-8310994800 | Bangalore, Karnataka | github.com/ManjunathYP003

Summary

Computer Science Engineering undergraduate (2026 passout) with a strong foundation in Machine Learning, Database Management Systems, and the Software Development Life Cycle (SDLC). Proficient in Python programming with hands-on experience in machine learning fundamentals, model evaluation, data analysis, coding, debugging, and testing. Strong analytical, logical reasoning, and problem-solving abilities, with a demonstrated passion for learning new tools and technologies. Native to Karnataka and based in Bangalore, seeking a Graduate Engineer Trainee role to apply strong technical fundamentals and collaborative skills to real-world software engineering projects.

Technical Skills

- **Programming Languages:** Python
- **Core CS Fundamentals:** Database Management Systems (DBMS), SDLC
- **Data Science & Analytics:** NumPy, Pandas, Matplotlib, Power BI, Excel, Data Visualization, Statistical Analysis
- **AI & Machine Learning:** Machine Learning Fundamentals, Supervised & Unsupervised Learning, Model Evaluation, Claude 101 Certified (Prompt Engineering, AI Applications)
- **Database Management:** MySQL, Python Database Integration
- **Tools & Platforms:** GitHub, VS Code, PyCharm, Google Cloud Platform
- **Soft Skills:** Analytical Thinking, Logical Reasoning, Problem-Solving, Team Collaboration, Communication

Professional Experience

Data Science Intern

January 2026 – Present

Qspiders, BTM Layout, Bangalore

- Conducted comprehensive data analysis and debugging using Python libraries (NumPy, Pandas, Matplotlib), applying machine learning fundamentals and strong analytical and logical reasoning skills to extract actionable insights from complex datasets
- Developed and tested interactive Power BI dashboards for sales analytics, visualizing key performance metrics including regional sales distribution, quarterly trends, and category-wise profitability analysis
- Performed data cleaning, transformation, statistical analysis, and documentation on large datasets using Excel and Python, following structured development and quality practices
- Collaborated with team members to build data visualization solutions supporting business decision-making, adapting quickly to new tools and technologies within project timelines

Projects

Smart Blind Shoe & Child Safety System with Real-Time Alerts

December 2025

1st Place Winner – Project Exhibition, MS Engineering College (Cash Prize: Rs. 3,000)

- Designed, coded, and tested an IoT-based assistive technology solution combining obstacle detection for visually impaired users and real-time safety monitoring for children
- Integrated ultrasonic sensors, GPS modules, and microcontroller systems with a Python-based backend, debugging hardware-software interfaces for reliable alert generation and data processing
- Implemented and documented a real-time notification system, applying problem-solving and logical reasoning to ensure accessibility and safety for vulnerable populations

Super Store Sales Analytics Dashboard (Power BI)

- Developed a comprehensive sales analytics dashboard visualizing \$175K+ in total profit and 22K units sold across multiple regions
- Created and tested interactive visualizations including regional sales maps, quarterly revenue trends, category-wise performance analysis, and shipping mode distribution using Power BI
- Implemented dynamic filtering capabilities for year, category, and regional drill-down analysis, applying analytical and problem-solving skills to enable data-driven business insights

Education

Bachelor of Engineering in Computer Science

CGPA: 7.4/10

M S Engineering College, Bangalore

2022 – 2026 (Expected)

Relevant Coursework: Machine Learning, Database Management Systems, Data Analytics, Python Programming, Cloud Computing

Certifications

- Claude 101 – Anthropic | Prompt Engineering, AI Applications, AI Integration (2026)
- Machine Learning Fundamentals – Infosys Springboard | Supervised & Unsupervised Learning, Model Evaluation
