DATA SCIENTIST

Statistical expert with 5 years of experience applying machine learning algorithms to corporate data challenges. Proficient in Python, SQL, statistical modeling, and data visualization.

EDUCATION

- PhD in Statistics | University of Washington (2016 - 2021)
- Bachelor of Science in Applied Math | UC Berkeley (2012 - 2016)

EXPERIENCE

Senior Data Scientist | FinMetrics Inc (2021 - Present)

- Created predictive machine learning models using Scikit-Learn, XGBoost, and Pandas.
- Wrote complex SQL scripts to extract features from multi-million row tables.
- Applied NLP techniques to analyze customer reviews and sentiments.

Data Analyst | BizData Solutions (2020 - 2021)

- Developed statistical dashboards and reports using Python, Pandas, and Tableau.

SKILLS

- Core: Python, SQL, R, SAS
- ML: Machine Learning, Scikit-Learn, TensorFlow, Pandas, NumPy, XGBoost
- Analytics: Statistics, NLP, Cosine Similarity, Data Visualization, Matplotlib, Tableau
